

## **Animals and Me – A to Z: A Virtual Women’s SoulCollage® Retreat**

**March 26, Friday 4 to 7pm PDT & March 27, Saturday 9am to 3:30pm PDT  
Plus Meet & Greet March 18, Thursday 4 to 5:15pm PDT**

Join **Susan Mann** and **Sally Freed** for a one and a half day **SoulCollage®** virtual retreat via Zoom video, where we’ll explore our deep and powerful connections to the animal world. What wisdom might our furry, feathered and finned friends reveal to us about our own unique strengths and innate beauty? Through the intuitive and creative process of **SoulCollage®**, we’ll discover how our animal companions can open our eyes to new insights and a vision of the future that may be calling us.

We’ll also honor the animals that have touched our souls and influenced our lives. Our beloved pets can be a life-giving source of unconditional love, nurturance, and healing. These treasured friendships teach us how to be a better friend to ourselves and others.

As an added feature of our retreat, each guest in our small group will receive a personalized **Animal Personality** assessment and helpful resources. This a playful, yet powerful way to discover more about your special blend of ‘animal’ personality traits, offering a path towards greater self-awareness and self-acceptance.

We hope you’ll join us for a **roaring** good time **Friday, March 26** (4 to 7pm Pacific) and **Saturday, March 27, 2021** (9am to 3:30pm Pacific) for **Animals and Me – A to Z: A Virtual Women’s SoulCollage® Retreat**. Together, we’ll encourage our inner animals to **roam free** for a weekend of creativity and soul-nurturing connection! We start our journey with a Meet & Greet on Thursday, March 18 (4 to 5:15pm) to get to know each other and share pre-work.

**Space is limited | Our time will be very engaging, interactive, and include breaks to recharge**
